## THE CHISWICK RECYCLING DIRECTORY: UPDATE - OCT 2005

### **PLASTIC RECYCLING**

Seven supermarket sites in the borough of Hounslow now have containers for collecting plastics for recycling. The nearest location for Chiswick residents is the car park of the main Sainsbury's store in Essex Place, off Acton Lane.

Other nearby locations are:  
Somerville, High Street, Brentford  
Tesco, Mogden Lane, Isleworth

There are 3 skips located at each site and the following plastics will be collected:

- Plastic milk, water and other drinks bottles and lids
- Plastic margarine / butter tubs
- Plastic detergent and cleaning fluid containers
- Plastic bags
- Polythene and similar plastic packaging (including bubblewrap)
- Plastic food containers/ trays / takeaway / fast food containers
- Plastic yoghurt/cream pots

*All items for recycling should be 'washed and squashed' before taking them to the recycling point.*

The skips have been operational since mid-July. It is estimated the containers at the Chiswick location will be emptied twice a week, but if demand is high, they will be emptied more frequently.
