

CRAG Meeting Minutes
12 December 2007

Merry Christmas to you all, and thanks for all your hard work during 2007- hope you are all looking forward to a very 'green' 2008!

Sainsbury's recycling banks

Jay is keeping the board updated, and has displayed a poster advertising the change in recycling banks at the site.

The new recycling site is now operational.

A-Z Directory

Directory updates are still ongoing.

At this meeting, it was decided it would be a lot better to refresh the directory and have an online copy of it only with no hard copy. This makes it easier to add any amendments/ changes, and it saves on paper! As the kerbside contract is going to change next year, doing a reprint wouldn't be worthwhile as soon after it was re printed it would be out of date!

Any amendments should be sent to Louise who can update- this is the same for updates for the CRAG website.

Events

The Christmas themed roadshow at Sainsbury's in Chiswick on the 1st December was a great success! Thanks to Lulu who came along on the day, and helped with the free

tombola to win recycled
Christmas presents!

Feedback from residents was positive when told of the upcoming contract renewal and the provision for plastics and food waste to be collected kerbside.

AOB

The AGM is coming up! It has now been decided to hold the AGM in March, as February is too soon after the New Year to organise it! Please bring along ideas for a Guest Speaker to the meeting in January, as well as ideas for presentations.

Jim, will you still be doing an overview of the groups' accounts? Any volunteers to do a presentation of group activities and projects?

The Yahoo group email will be closed down as it was agreed that as it requires Yahoo registration this makes it inconvenient to join. Emails to the group will be sent via Jay's email list, whereby people can easily opt in/out.
