

CRAG Meeting Minutes  
19<sup>th</sup> September 2007

### Leaflet distribution

Please continue to deliver any you may have tucked away in the home!

### Noticeboard at Sainsbury's

Jay is going to take over from Catherine on updating the board. Let Jay know if you have ideas for the board- a poster should be going in soon to advise residents on the recycling banks being replaced by Sainsbury's.

Sainsbury's have asked the Recycling Team to remove their banks from the Chiswick site, as they are going to be replacing them with their own. The one real downside is that the plastics bank is only going to accept

plastics bottle only- not mixed plastics as with our banks! Please spread the message to all friends/family and neighbours- they are going to be in place around late Nov-early Dec. Any problems should be directed to a careline number that Sainsbury's have set up- 0800 636 262.

### A-Z Directory

The directory is going to be revised before its updated.

Jay will update the sections- Green Box, Local Recycling Sites, Reuse and Recycling Centres and Composting.

Catherine is going to update the sections- Buy Recycled and Buy Recycled Outlets and entries from S-Z.

Pam is going to update entries from A-D.

Graham can you please update from E-J?

Louise can you please update from K-R?

There is no rush on these updates but it would be great to have them completed before Christmas- this way a reprint can be done in the New Year and then the newly revised version can be launched at the AGM?

### Events and competition

Judy came along to this meeting to pick up her cheque and goody bag after winning the reuse idea competition- Catherine took photos and is going to pass onto ChiswickW4 with text to add on as an article on their website.

Apologies to those who attended the roadshow scheduled for the 29<sup>th</sup> September- unfortunately Jay slipped a disc in her back and wasn't able to make it. Another roadshow (with a Christmas theme!) is being planned for late Nov-early Dec but this will be booked in at the next meeting on the 17<sup>th</sup> October.

Thank you to Lulu for her help at the Give and Take Day on 6<sup>th</sup> September, and to Catherine for coming along with donations! The day went very well - the hall was spacious, lots of items were bought and taken and luckily there was no London rain!

### AOB

A visit to Transport Avenue (Waste Transfer Station in Brentford) has been arranged for Wednesday 31<sup>st</sup> October at 2pm. If you are interested in coming along, please call Jay on 020 8583 5058.

See you all at the next meeting on the 17<sup>th</sup> October!
